

Job Opportunity – Production Video Engineer

Light Fantastic Production Services Ltd provide high quality lighting, audio, video and scenic solutions to the live events industry. Our clients rely on us to deliver bespoke production solutions to a wide range of prestige live events across the UK & Europe.

Due to continued growth an opportunity has arisen for an enthusiastic individual to join our production team based in Borehamwood, Hertfordshire as a production video engineer. The role will involve deploying and operating video systems for our broad range of corporate and private events.

You must be a confident video engineer with experience of installing, troubleshooting and operating video systems for live events. You should have an excellent working knowledge of audio visual technology, control systems, rigging techniques, power distribution & data distribution. A familiarity with Microsoft Powerpoint, Apple Keynote and Roland, Analog Way or Barco control systems will be essential. Experience with media servers, audio or lighting systems would also be extremely beneficial.

The ideal candidate will be enthusiastic, eloquent and able to work well as part of a wider team or using their own initiative. You must be keen to learn and develop your expertise continually, meticulous and thorough in your work and have excellent interpersonal skills.

Due to the nature of the live events industry working location and hours will be flexible and will include evening and weekend work. A full driving license will be extremely beneficial.

Excellent salary + overtime negotiable depending on experience. To apply, please send a CV to careers@lfps.co.uk.
